

IT'S ALL ABOUT YOU

Words & Music by Larnelle Harris, Scott Krippayne, Steve Siler, & Tony Wood

It's All About You

You

It's All About You

You

You

You

Lord

When I wake in the morning

To the sounds of the earth

And wait for the power

To raise my head

I know right then and there

That I could not move save your command

And everything that happens

Is in your hands

All creations creations

Come from knowledge that you gave

The visions you inspired

By things you made

It should be plain to see

That the credit I take is not for me

For in your heart all was fashioned

So long ago
